Summary

Full-stack developer who builds web applications end to end and automates repetitive work. At Way2Class, used Regex, JavaScript, and AI-assisted tools to automate tagging and validation of 200+ research articles. Built HomelyHub and HireNest with React.js, Node.js, and MongoDB, including AI features. B.Tech CSE graduate (CGPA 8.74/10) seeking a Software or Full-Stack Developer role.

Experience

Emertxe (NSDC Affiliated) Aug 2026 – Sep 2026
Full-Stack Development Intern (Remote) *Online*
– Completed a one-month remote internship on the MERN stack by building HomelyHub, a stay-booking platform, from interface to database (Certificate ID: WMSI26_008).

Way2Class Pvt. Ltd. Jan 2026 – May 2026
XML Publishing Intern *Dehradun, India*
– Processed and validated 500+ scholarly research articles using XML and LaTeX publishing workflows.
– Used Regex to automate repetitive XML tagging, metadata correction, error detection, and validation, reducing manual effort.
– Built internal tools with JavaScript and React.js, and used AI-assisted workflows to speed up routine tasks.
– Performed quality assurance and fixed XML, formatting, and metadata issues with cross-functional publishing teams to ensure timely delivery.

Projects

HomelyHub | *MongoDB, Express.js, React.js, Node.js, Redux Toolkit, Groq AI* | Live Demo
– Developed a full-stack stay-booking platform with property listings, search filters, date availability, and booking management.
– Built REST APIs with JWT authentication in HTTP-only cookies, password reset, and MongoDB/Mongoose data models; tested endpoints with Postman.
– Integrated Groq AI to generate property descriptions and personalized, budget-aware travel itineraries.
– Built React interfaces with Redux Toolkit and connected them to backend APIs using Axios.

HireNest | *MongoDB, Express.js, React.js, Node.js, Tailwind CSS*
– Built a full-stack recruitment platform supporting job postings, applications, and candidate screening.
– Implemented secure authentication with separate recruiter and candidate access, resume management, and application tracking.
– Developed recruiter dashboards for job posting, company management, and candidate screening; used Cloudinary for file storage.

Personal Portfolio Website | *HTML, CSS* | Live Demo
– Designed a responsive, XML-themed single-page portfolio presenting skills, projects, and experience.

Education

DIT University Sep 2022 – Jun 2026
B.Tech in Computer Science & Engineering, CGPA: 8.74/10 *Dehradun, India*

Model Secondary School Mar 2021 – Jul 2022
Grade 12 (NEB) – 78.25% *Nepal*

Angels' English Boarding School 2019
Grade 10 – 88.75% *Nepal*

Certifications

- **MERN Stack Internship** – Emertxe (2026)
- **Google Cloud Arcade Facilitator Program** – Certificate of Appreciation, Cohort 1 (2025)
- **Cloud Computing Basics (Cloud 101)** – LearnQuest
- **Introduction to Relational Databases (RDBMS)** – IBM
- **Basics of Cisco Networking** – LearnQuest
- **Python for Data Science, AI & Development** – IBM
- **Introduction to Containers w/ Docker, Kubernetes & OpenShift** – IBM

Technical Skills

Programming: JavaScript, Java, Python
Frontend: React.js, Next.js, HTML, CSS, Tailwind CSS
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Databases: MongoDB, PostgreSQL, MySQL
Automation & Publishing: XML, LaTeX, Regex
DevOps & Cloud: Docker, Jenkins, Google Cloud Platform (GCP)
Tools: Git, GitHub, Postman, Cloudinary
